What is DEI365?
The College of Engineering is dedicated to creating an environment that is inclusive and empowering for all! DEI 365 is a monthly conversation for faculty, staff, and students to reflect on monthly themes and optional READ, WATCH, DO content to come together and discuss how we can do better supporting each other.

Host your own DEI365 using the provided toolkit!

Want to check out old materials or keep up over summer?
June is LGBTQ+ Pride Month and for July we’ll focus on intersectionality! Use the accordion drop-down menus for access to all the READ, WATCH, DO materials for Spring and Summer!
